Dear Mr. Haake:

RE: McDonnell Douglas Corporation, Tract 1
McDonnell & Lindbergh Blvd.
St. Louis, Missouri
RCRA ID No. MOD000818963

On April 25, 2000, a representative of the U. S. Environmental Protection Agency (EPA) inspected your facility. The inspection was conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA) for the purpose of determining compliance with 40 C.F.R. Part 264, Subpart CC. I have enclosed a copy of that inspection report with this letter.

I have reviewed the inspection report and subsequent documentation relating to the repair of the solid waste container #88 and determined that no violations of RCRA remain. No further action concerning this matter is necessary at this time. Please note that EPA reserves its enforcement authorities, including assessment of penalties, for violations that occur at any time.

I encourage you to contact the Missouri Department of Natural Resources (MDNR) at (573) 751-3176 to ask any questions you may have regarding the regulations. To obtain a copy of MDNR's hazardous waste regulations, please contact the office of the Secretary of State, State Information Center, P.O. Box 778, Jefferson City, MO 65102, or at (573) 751-4015. The MDNR also maintains a web site at <http://www.dnr.state.mo.us>. If you have any questions regarding this letter, please feel free to contact me at (913)551-7582.
